

Help Out on State Natural Areas

Sugar River Wetlands Workday

Help care for Sugar River Wetlands State Natural Area! At our fourth Saturday workday we'll identify several different native wetland plants and learn how to collect their seeds. Seed will be scattered in fall to areas where invasive brush has recently been removed. We will also spend some time addressing invasive plants coming up. This work will expand the quality wetland areas and continue the efforts started by the Upper Sugar River Watershed Association and Wisconsin DNR. No skills needed you will be trained onsite. See details below.

Date: July 28

Time: 9am-noon

Directions: We'll meet where Epic Lane and County View Road meet in Verona, overlooking the Epic Systems campus to the east and the Military Ridge State Trail to the west. An approximate address is 2517 Country View Road, Verona, WI 53593. [Google map.](#)

What to wear: Clothes (long pants and sleeves) that are OK to get beat up, gloves, sturdy footwear. Rubber boots if you have them (some people may work in muddy areas).

What to bring: Drinking water, a paper grocery bag, and a sturdy scissors (optional).

Contact: If you plan to come you can contact Jared Urban at jared.urban@wisconsin.gov or just show up.

Next workday: August 25

February 2016 Workday
